# NeuroPark AI — Screening Assessment Report

Generated on 2026-07-28 02:05 PM | Document Ref: NPK-2607281405

**OVERALL ASSESSMENT RISK STATUS**

Classification: **High Risk** (Multimodal composite analysis)

**82%** Probability Score

## Patient Profile Summary

| | | | |
|---|---|---|---|
| **Age:** | 25 | **Gender:** | Female |
| **Family History:** | Yes (Parkinson's Diagnosed in Relative) | **Assessed Modalities:** | Symptoms, Voice, Handwriting |

## Modality Breakdown Scores

| Assessment Modality | Predicted Score | Risk Status |
|---|---|---|
| Subjective Symptoms | 58 / 100 | Elevated Risk |
| Vocal Acoustic Analysis | 91 / 100 | Elevated Risk |
| Handwriting Spiral Analysis | 94 / 100 | Elevated Risk |

## Clinical Scores & Symptom Severity (0-10)

| | | | |
|---|---|---|---|
| **Tremor Severity:** | 9/10 | **MDS-UPDRS Score:** | 15.0 / 199 |
| **Muscle Rigidity:** | 9/10 | **MoCA Cognitive Score:** | 30.0 / 30 |
| **Bradykinesia (Slowness):** | 9/10 | **Functional Independence:** | 10.0 / 10 |
| **Postural Instability:** | 9/10 | **Sleep Disorders (REM):** | 9/10 |

## Screening Recommendations

• **Consult a Neurologist:** It is highly recommended to seek a professional clinical assessment with a movement disorder specialist/neurologist.

• **MDS-UPDRS Motor Evaluation:** Ask your physician about conducting a formal Unified Parkinson's Disease Rating Scale (MDS-UPDRS) exam to evaluate motor capabilities.

• **Periodic Screening Monitoring:** Repeat this self-administered assessment every 3 to 6 months to track progression rates of motor signals, voice metrics, and handwriting drawings.

• **Active Lifestyle and Exercise:** Engage in physical exercises targeting motor coordination, balance, and core strength, such as Brisky Walking, Tai Chi, Yoga, or specialized Parkinson's boxing programs.

**CRITICAL DISCLAIMER: This prediction is for early screening purposes only. It does not constitute a medical diagnosis. Please consult a qualified neurologist for a professional clinical diagnosis and personalized care plan.**
